TRC's new CYCLONE 10X Wash Pad is absolutely the FINEST professional quality plush microfibre (aka microfiber) detailing wash pad value you will find – Premium 70/30 blend Korean quality, premium performance, at premium Pfeiffer Car Care value! Its HUGE 10"x10" size (200 square inches of surface area!) is a first in the marketplace for this type of higher-end microfibre wash pad material (others probably soon to follow). TRC has responded to numerous online forum requests, emails and calls from around the world to create a larger, high-quality microfibre pad than previously available. These are NOT "cheap knock-offs" made from inferior materials.

The CYCLONE is the Real Deal with all the features you would expect from a Super-Premium Wash Pad:

- Superior softness & absorbency: Hundreds of thousands of premium AA-Grade (highest grade) 70/30 blend split Korean microfibres per square inch that hold a huge amount of your favorite suds
- Extremely safe & effective: Long, luxurious fibers that quickly and safely encapsulate all dirt and road grime from your vehicle and then easily rinse free for the next pass
- Highest-quality construction: The finest materials and seams that are carefully double-stitched and hidden for the ultimate in protection and durability
- Extreme field-tested microfibre material and foam padding: Materials tested around the world in all conditions to find the perfect microfibre / foam pad combination
- Perfect partner with P & S Sales Pearl car wash: Create a world-class level of lubrication to safely glide over all types of paint and greatly reduce washing induced marring
- Built-to-last durability: With proper care The Rag Company's CYCLONE 10X Wash Pad will last and last through seasons of washes
- Manufactured in South Korea on the Highest Quality German microfibre production equipment (Karl Mayer)
