Edgeless 365  
40cm x 40cm (16" x 16")

- Dual-pile construction
- Side 1 = slightly longer fibers for removal of loose particles & buffing
- Side 2 = shorter pile, tighter terry weave for removal of excess detailing product
- Use damp for general cleaning, wet for scrubbing heavily soiled areas and dry for dusting
- Safe to use on all electronic equipment and other sensitive surfaces
- Extremely durable – ability to withstand hundreds of washings with proper care
- Manufactured on the highest quality German microfibre production equipment (Karl Mayer)
- Professional cleaning tip: “Fold the towel into quarters to create eight different fresh, cleaning sections. As each section gets used / dirty, rotate to the next clean section to maximise your towel utilisation“
